

The Southall ORCHARD Project

WHAT

The Southall Orchard Project is a community led initiative aimed at planting orchards and fruiting hedges throughout Southall.

WHY

- To create foraging opportunities and increase local abundance.
- To make fresh food more accessible to the whole community.
- To improve the health of people in Southall.
- To help combat pollution and improve air quality.
- To help children reconnect with their food.

WHEN

The first community orchard will be planted on:

5th December 2015 at 11am.

WHERE

Southall Park. We will be meeting by 'The Globe'.

HOW YOU CAN HELP

To find out more and get involved please visit www.southalltransition.org/projects or email: info@southalltransition.org to register your interest. All registered volunteers will be provided with free refreshments on the day.

You can also indicate your support for this project by visiting [Spacehive.com/southallorchardproject](https://www.spacehive.com/southallorchardproject) and clicking on the like button. If you wish, you can also make a donation at this site.
